Acceptance and Waiver Release

Work schedules are created by volunteers who do their best to accommodate all families. I understand that it may not be possible to honor all requests and that it will be my responsibility to find replacements if I am assigned to tasks that I cannot perform or to dates on which I am not available. I understand that the board of directors reserves the right to impose any penalties it deems necessary on families who do not fulfill their work obligation.

I hereby give my approval for the above named applicants to participate in the MMP Swim & Dive Program. I assume all risks inherent in and incidental to such participation and I hereby release, absolve, indemnify, and hold harmless the Borough Of Metuchen, the Metuchen Municipal Pool, the MMP Swim & Dive Team Parents Association, their partners, officers, employees, and staff, of any claim arising out of any injury to the participants. I hereby authorize and request the Metuchen Municipal Pool to act on my behalf under prevailing circumstances in the event that I cannot be reached in case of any injury or emergency.

Volunteer Jobs

In addition to the mandatory work assignments at dual meets, we also need a few volunteers to help run a successful season.

- Team Representative (serve as liaison to the league and to coaches and parents)
 Work Schedules – spend one day (Saturday June 14) creating the parent work schedules
 Gardener – help clean out the swim & dive team garden and add new plants
 Awards – order ribbons and trophies, and pick them up from our vendor
 Team Gifts – pick up and distribute the team gift at the swim & dive team party
 Team Party – help plan, organize, and set up the swim & dive team party

We're also looking for one or more volunteers to take over responsibility for data entry. Ideally, we're looking for individuals who could see themselves doing this for a few years. (Just three people were involved in data entry over the past fourteen seasons!) Although the job is not that hard, there is a bit of a learning curve, which is why this is not the sort of job to give to a different person each year. A single person traditionally has done the following three tasks, but there's no reason the tasks couldn't be split up.

- Registrations – send and receive all registration forms at the start of next year's season
 Database – maintain the roster; enter meet results; create meet entries (using Team Manager software)
 Website – maintain the www.mmpsdtpa.org website
